

Roland  
**BIZTOOLS™**  
CERTIFIED

## Buy today's most innovative impact printer.

When it's Biztools™  
**CERTIFIED**, you get  
everything you need to  
start making money  
immediately.

When it comes to your success, Roland means business. Literally. That's because instead of just a piece of equipment, you get a complete business solution — everything you need to use the product effectively and profitably and ensure business success.

Take the new MPX-70 Metaza® impact printer, for example. It enables you to take digital images, traditional photos, and other artwork and logos and permanently imprint them onto any number of flat surfaces, from jewelry and medallions to pet tags and charms. Impact technology makes it ultra-quiet and eliminates the cleanup.

## Get a lucrative business FREE.

And because it's Roland Biztools-certified, it's part of a complete solution that includes:

- A written business primer. Industry research, market studies, financial analyses, and more.
- Professional software. High-quality and easy-to-use to maximize your printer's features.
- Marketing and merchandising support. Everything from window posters and stickers to point-of-purchase displays and brochures.
- Technical support. Roland stands behind you every step of the way.

- A complete starter kit. A full set of blanks, templates, and other materials to jumpstart your business.

Launch your new Biztools-certified business overnight. Call 888-273-8895 for the dealer nearest you or visit [www.rolandasd.com](http://www.rolandasd.com) to find out what the high-performance MPX-70 Metaza impact printer can do for your bottom line.
